BLOX, INC.

NEWS RELEASE – September 2nd, 2026

Blox Inc. Wishes to keep its investors and other interested parties informed and up to date with various matters to the current time.

New York, New York – Blox, Inc ("Blox" or the "Company") is pleased to announce recent events:

Blox Inc. through its subsidiary Blox Minerals Guinea SARL, provides the following further update concerning the Mansounia Gold Project in Guinea.

Mansounia Gold Project

The Mansounia Gold Project hosts a JORC-compliant resource of 1.29 million ounces of gold. The Company filed a feasibility study in respect of Mansounia with the Centre de Promotion et de Développement Miniers ("CPDM") in 2019.

On June 24, 2026, the Company filed a complaint with the Office of the Special Prosecutor of the Court for the Repression of Economic and Financial Offences ("CRIEF") in Conakry concerning matters relating to the research permits covering the Mansounia perimeter.

CRIEF is a specialised Guinean jurisdiction established in 2021 for the investigation and prosecution of economic and financial offences.

CRIEF Investigation

Following the filing of the Company's complaint, the Office of the Special Prosecutor of CRIEF, by letter dated June 30, 2026, transmitted the matter to the Central Directorate of the Judicial Police ("DCPJ") for further investigation.

The Company's representative in Guinea has subsequently been formally interviewed by the investigating authorities in connection with the matter. Other persons concerned by the investigation have also been interviewed.

On September 1, 2026, following investigative steps undertaken by the DCPJ, the investigation file was returned to the Office of the Special Prosecutor of CRIEF for review.

Following that review, the CRIEF Prosecutor's Office directed that further investigative steps be undertaken, and the file was returned to the DCPJ for that purpose during the judicial vacation period. The judicial vacation period is from 1st August to 30th September each year when all judges take a vacation.

The CRIEF investigation therefore remains active and ongoing.

The Company continues to cooperate fully with the Guinean authorities.

Related Proceedings and Blox's Position

Proceedings before the Supreme Court of Western Australia relating to the Mansounia Project are presently stayed pending the outcome of the proceedings in Guinea.

Blox continues to maintain and protect its rights and interests in relation to the Mansounia Gold Project, including its position arising from the filing of the Mansounia feasibility study and the applicable provisions of the Guinean Mining Code.

The Company will continue to monitor the CRIEF proceedings closely and will provide shareholders and the market with further updates when material developments occur and when disclosure is considered appropriate.

All persons referred to in connection with the complaint are presumed innocent unless and until determined otherwise by the appropriate judicial authorities.

"We will keep the shareholders and interested parties informed of future developments," said Tony Pickett - Chairman.

On behalf of the Board of Directors of Blox, Inc.:
